I walk along the city streets you used to walk along with  
me  
And every step I take reminds me of just how we used  
to be  
Oh, how can I forget you, girl  
When there is always something there to remind me  
Always something there to remind me.

Shadows fall, I pass the small cafe where we would  
dance at night  
And I can't help recalling how it felt to kiss and hold you  
tight  
How can I forget you, girl  
When there is always something there to remind me  
Always something there to remind me.

I was born to love her  
And I will never be free  
You'll always be a part of me  
Woah, woah, wooah.

If you should find to miss the sweet and tender love we  
used to share  
Just go back to the places where we used to go and I'll  
be there  
Oh, how can I forget you, girl  
When there is always something there to remind me  
Always something there to remind me.

I was born to love her  
And I will never be free  
You'll always be a part of me.

'Cause there is always something there to remind me.

Always something there to remind me. (repeat till end)
