Can you hear them, they talk about us
Tellin' lies, yeah well, that's a surprise
Can you see them? See right through them?
They have a shield, no secrets to reveal

Doesn't matter what they say
In the jealous games people play, hey
Our lips are sealed

There's a weapon
That we must use in our defense, silence
When you look at them, look right through them
That's when they'll disappear, that's when we'll be
feared

Doesn't matter what they say
In the jealous games people play, hey
Our lips are sealed

Pay no mind to what they say
It doesn't matter anyway
Our lips are sealed

Hush my darling, don't you cry
Silent angels, forget their lies

Can you hear them talk about us
Tellin' lies, yeah well, that's a surprise
Can you see them? See right through them?
They have a shield, no secrets to reveal

Doesn't matter what they say
In the jealous games people play, hey
Our lips are sealed

Pay no mind to what they say
It doesn't matter anyway
Our lips are sealed
Our lips are sealed
Our lips are sealed
