Will I see you tonight beneath the light Of the blue
moon Will you come through the back door That I left
open for you Will you make good on the promise you
made In the glance you gave Or will you make me wait
In sweet anticipation

Chorus: Do you burn, do you burn, like I do When you
walk by Do you burn, do you burn, like I do

I told you I didn't need a new man You said you needed
time to be you Ooh but babe, the sparks we made Make
me think we'll eat our words soon

Chorus: Do you burn, do you burn, like I do When you
walk by Do you burn, do you burn, like I do

Will I see you tonight beneath the light Of the blue
moon Will you come through the back door That I left
open for you Will you make good on the promise you
made In the glance you gave Or will you make me wait
In sweet anticipation of you

Chorus: Do you burn, do you burn, like I do When you
walk by Do you burn, do you burn, like I do
