Waiting for a phone call Waiting for the axe to fall Oh I
don't like waiting at all Waiting for a sign of life Waiting
for sign of the times Oh I don't like waiting at all

Chorus: I wanna grab the world by the reigns I wanna
take a ride in the fast lane oh I ain't got time to wait for
change 'Cause life is what passes by When you're
sitting in the by and by and I don't think that I can wait
today

So give me a phone call Put me beneath the axe that
falls Oh I don't like waiting at all Show me a sign of life
Show me a sign of the times Oh I don't like waiting at all

Chorus: I wanna grab the world by the reigns I wanna
take a ride in the fast lane oh I ain't got time to wait for
change 'Cause life is what passes by When you're
sitting in the by and by and I don't think that I can wait
today

Bridge: Won't you give me what I'm waiting for 'Cause I
don't believe that less is always more Not when it's my
life that's on the line Oh I don't think that I can spare the
time

Repeat first verse

Repeat chorus
