A gift of God is Psychodorm,
A strength and consolation.
It keeps you in good working form
Whate'er your call or station.
This little pill right here
Will banish all your fear;
It makes your pulse decrease
And brings you inner peace
It is our strength and solace.

If you're psychotic or abnormal,
Drunkard or stark raving,
The tranquilizer Psychodorm'll
Still your every craving.
Take Psychodorm today,
Get normal right away.
Both prisoner and priest
Find Psychodorm a feast
It is our strength and solace.
