Well, I need a peaceful place to go,
Far away from all that jazz, you know.
I don't wanna spend the rest of my live,
Walking on the twisted edge of a knife.
We can't go any further, we already reached the point
of no return.

Into the strongest tide we row our boat,
Wealth and luxuries are a heavy load.
And Noah's ark won't save us from the flood,
When heavy rain has turned the ground to mud.
We can't go any further, we already reached the point
of no return.

Problems seem to disappear, as long as we refuse to
hear,
Nobody understands, like a line of sad ants,
We go on with what we're doing,
Even though it's our ruin - no fooling.

Solo

Even animals don't shit where they eat,
In their kingdom it's no selfish greed.
And Mother Nature's smile is wearing thin,
It's dog eat dog among the next of kin.
We can't go any further, we already reached the point
of no return.

Problems seem to disappear, as long as we refuse to
hear,
Nobody understands, like a line of sad ants,
We go on with what we're doing,
Even though it's our ruin - no fooling.

There are two ways to get satisfied,
Less desire or to say good night.
Don't you know we got a hole in the sky,
In years to come there won't be birds to fly.
We can't go any further, we already reached the point
of no return.

We can't go any further, we already reached the point
of no return.
