Chorus 2X

(Eightball)
We make it hot
We came to make it hotta than Nevada
Big balling G slanging Suave House product
In the lab like a chemist cooking weighing up and
cutting
Trinity to the MPC making dope pushing buttons
Organized Noise
Them country ATL boys
Got it locked up and sewed up and keep it rocked up
Glocked up
Doing the southside like Lil Key Key
Tricks talking shit gone see my hollow tips in 3D
But we didn't come to see no jealous ass niggas
We came to keep the party hype and drank up all the
liquor
And fuck with the gold diggers them free drink sippers
Cause them gone be the ones in the room pulling
zippers
With they teeth mind blow by the presidential suite
Waking up talking bout they wanna go and eat
Hit the dho baby
You aint got to go home but yo ass got to go baby
And that for sho baby

Chorus 2X

(MJG)
I saw yo naked ass
Peekin out the curtain of yo mini shirt
Shadow of yo pussy close behind
Telling me MJG
Run with me through fields of flowers
We can fuck for hours
Come and she you anytime
You say no
How you gone say that when you dress say yes
A saddle on yo chest I expect nothing less
Than nuts on yo neck dick on yo chin
Just like we done then last time lets do it again

It looks as if to me you got some handles bout yourself
But everything you struggle to reach is up on the shelf
In homes of pimps who done done it
Some play around with your mind we run it
Gin sippers Orange Mound, Tennessee nigga
We deliver all up and down the Mississippi river
Fuck a check bitch
No ID no income and dividends
Aint got nothing but space now fill it in
