Ooh make your choice  
Each day is all it's own  
They go by one by one  
They're counting on the run  
And it's only here for you  
And it's only here for me  
I wonder if they use  
The years to keep your score  
All alone in your sighs  
Remembering your highs  
Until your dying day  
Intensity's the way.....Hey

We belong to life  
And we pretend that we just want to be free  
Want to be free  
But you can decide  
This is not the way you want it to be  
Want it to be

Waiting for the sign  
And you're hoping every time  
That it won't be very long  
Intensity, Intensity, Intensity  
Intensity is bound to bring you down

Well it's on the line  
When you know the chance is never the same  
It's never the same  
But if it's in your heartbeat  
You can feel your thoughts a second away  
A second away

Catch it if you can  
Or you're back where you began  
Is it more than you can stand  
Intensity, Intensity, Intensity  
Intensity is all I ever knew

Ooh.....Endless in my life

In the darkest hour  
When the world refuses freedom for me  
And it won't let me be  
I will think about you  
And a thousand times I wish I could be  
Wish I could be

Back the other way  
But it's not for me to say  
It's the price I have to pay

Intensity, Intensity, Intensity  
Intensity.....yeayeah
