Hang the lanterns in the shire, Baggins up and beware  
Fear the black riders, bound for Hobbiton Square  
Ringwraith, eyeless in their evil; oh lost in darkness  
Caught up in his ire, fear the day  
Boundless in their life, until the ring burns in the fire.  
Hear the Nazgul scream, be damned forever they call  
Search the land for the ringbearer; die wherever you  
fall.  
Ringwraith, eyeless in their evil; oh lost in darkness  
Boundless in their life, until the ring burns in the fire.
