They say we don't have a future  
Living for today yeah  
We might as well give up our schemes  
It's all in the spell we're under  
Caught in the times as you know  
That keeps us searching for our dreams

It might be bad  
But this is The Way We Are  
It's oh so sad  
But this is The Way We Are  
It's all we can say  
This is The Way We Are

It's so easy to take the high road  
That sometimes you never know  
'Til far away you wonder why  
There are so many roads to choose from  
Leading down to another life  
It must be meant for you and I

It might be strange  
But this is The Way We Are  
Tried to change  
But this is The Way We Are  
Closer to life  
This is The Way We Are

Don't care if it's true that you can  
Leave this world and come again  
Forever light upon the wind  
But until I can touch the sunrise  
I need so much love  
To beat this countdown to it's end

When the time runs out  
This is The Way We Are  
Will it leave no doubt  
This is The Way We Are  
We're born to run free  
'Cause this is The Way We Are
