Album : Seven Minutes in Heaven

and if we stayed the same would I have to blame
those years of aching frustrations on you and every
interrupted night alone woken by the ringing
telephone I only picked up in hopes it's you so why
rely on hiding when you're right if everytime you're
right she says you're wrong such a mixed up state of
thinking has got me too strung out it's you and only
you who said we'd never change you're right see I
remember it was spring like the leaves I've fallen the
wind of change took me away from you and every
interrupted night alone woken by the ringing telephone
I only picked up in hopes its you all in the course of a
day
