When I got first time to Nürnberg  
we played their applecomp  
It was a good soft sunday morning  
it been a good soft day-break

When I got first time to Nürnberg  
we played their applecomp  
It was a good soft sunday morning  
you looked at me

Kept smiling, I was trying  
but my head was swammed with joy  
'Cause it was a sunday night  
Don't know why, I'll ask you twice that night  
But I am sure we'll meet again

We didn't talk too much  
Maybe we saw each other for a seconds time  
'Cause it was a sunday night  
I don't know why, I'll ask you twice that night  
But I am sure we'll meet again

When you left that city  
the new day just begun  
It was a good soft sunday morning  
on our way back home

When you left that city  
the new day just begun  
I wouldn't mind to stay here  
for another day  
Didn't I tell you we'd be back soon
