What is life when you can't take twos  
Both the good shit and the blues  
Carpe diem  
I don't care if it's wrong or right  
Gamble hard and just shine some light  
Carpe diem  
But what about the tomorrow  
I don't really wanna know  
About all the cares and the sorrow  
I ain't gonna let it show  
You put all eggs in one basket  
That's the way I wanna live  
You'll end up stiff in a casket

Though life is ruff and the road is tuff  
You can seize the day  
You're single now well then so am I  
So let's seize the day  
Girl lose your blues and just laugh at life  
And then seize the day  
Cause you only live once

I don't care if I ain't got no gold  
When I'm dusty, gray and old  
Carpe diem  
Play the card you got up your sleeve  
You can't bring nothing when you leave  
Carpe diem

So what about the burdens  
I'ma let em'fade away  
A life without some insurance  
I'ma take it day by day  
You piss away what you've worked for  
That is a point of view  
I promise you will just hurt more

Though life is ruff and the road is tuff  
You can seize the day  
You're single now well then so am I  
So let's seize the day

Girl lose your blues and just laugh at life  
And then seize the day

Come on come and then sing along and now  
Seize the day  
I ain't gonna wait along a line  
Seize the day  
I ain't gonna waste my time  
Seize the day  
Ooh won't you sing along ooh  
Seize the day  
Cause you only live once
