

Hold Steady, The "Stay Positive"

I got a lot of old friends that are getting back in touch
And it's a pretty good feeling, yeah, it feels pretty good
I get a lot of double takes when I'm coming round the
corners
And it's mostly pretty nice, yeah, it's mostly pretty all
right.
'Cause most kids give me credit for being down with it
When it was back in the day, back when things were
way different
When the Youth of Today and the early 7 Seconds
Taught me some of life's most valuable lessons.

There's gonna come a time when the scene will seem
less sunny
And they'll probably get too druggy and the kids will
seem too skinny
There's gonna come a time when she's gonna have to
go
With whoever's gonna get her the highest.
There's gonna come a time when the true scene
leaders
Forget where they differ and get big picture.
'Cause the kids at the shows, they'll have kids of their
own
Their sing-along songs will be our scriptures.

We gotta stay positive x4

When the chaperone crowned us the king and the
queen
I knew that we'd arrived at a unified scene
And all those little lambs from my dreams,
Well they were there too.
'Cause it's one thing to start it with a positive jam
And it's another thing to see 'em through.
And we couldn't even done this if it wasn't for you.

We gotta stay postive x3
