Yeah, Sapphire  
I'm sick and I'm tired and I'm fried and you gotta  
believe me  
Yeah, Sapphire  
If I cross myself when I come would you maybe receive  
me?

Yeah, Sapphire  
You were feisty at first but I broke you and I showed  
you the tempo  
Sacramento  
It swung at us first but it ended up going down gentle

Sapphire, if Cheyenne's too small  
We'll haul it all back to St. Paul  
I was just about to call you  
When you called

Yeah, Sapphire  
I know the last time we touched I came on a bit rough,  
please forgive me  
Yeah, Sapphire  
After you left, it was a big sketchy mess, they almost  
killed me

Sapphire, if Cheyenne's too small  
We'll haul it all back to St. Paul  
I was just about to call you  
When you called

Sapphire, if St. Paul don't call  
We've always got Aberdeen  
'Cause dreams they seem to cost money  
But money costs some dreams

It went just as you predicted  
I swear there must be something in your dreams  
It all went down exactly like your visions  
And I know you said don't call until I'm clean

I'm not drunk, I'm cut, I'm gushing blood

And I need someone to come and pick me up

I was a skeptic at first, but these miracles work

I was a skeptic at first, but these miracles work

I was a skeptic at first, but these miracles work

I was a skeptic at first, but these miracles work
