Girls like you  
come and go

makes me wonder who you've been with before.  
You like to play with romance

Just like a roulette wheel to catch a man.

I've got to know if it's me

Or is it just the way to your fantasy.  
Real love  
baby  
that's right

You can't take me love and then say good night.

Tired of being misled  
wanna settle down with a girl that's true.  
Please  
won't you help me out  
come on  
tell the truth.

Is it really love that you need?  
Do you really want to be with me?  
Is it just for my money or the image of my fame?  
Is it really love?

You've got the look that men adore

You made me weak and now I want you more.  
I gotta know if you'll be around

Not only when I'm up but when I'm down.

Tired of being misled  
wanna settle down with a girl that's true.  
Please  
won't you help me out  
come on

tell the truth.

Is it really love that you need?...

Tired of being misled. Please  
won't you help me out?

Is it really love that you need?
