Love I said love, is turquoise & blue  
The colour of you is turquoise & blue  
And it feels like this...

How how can it show 'cause I tell you if I need you  
I hold you, I don't mind if I do  
And the voice is green and purple too  
And it feels like this ...

Turquoise & blue leads to you

I follow, rain leads to my sorrow  
If I choose you

I tell you if I need you  
I tell you if you need me too  
And the colour of your love is  
Is turquoise & blue  
If I only, this love is purple only  
And turquoise & blue
