Everything you always wanted
Everything revolved around you
Still I am the one to blame
For letting you back in my life again
From times of pain and being lost
From times not being man enough
I tell myself I'm through for good
But if you called I wonder if I could

Still I'm worried about being your enemy
As if being your floor mat wasn't good enough for me
Not good enough for me

I was your floor mat
And the one you knew you could always count on
Still I am the one to blame
For letting you back in to my life again

Everything you always wanted
Everything revolved around you
Still I am the one to blame
For letting you back in my life again
I'm back up on my feet again
Trying to break this painful trend
I tell myself I'm through for good
But if you called I wonder if I could

Still I'm worried about being your enemy
As if being your floor mat wasn't good enough for me
Not good enough for me

I was your floor mat
And the one you knew you could always count on
Still I am the one to blame
For letting you back in to my life again

I gotta break this painful trend
Cuz if you go there
I'll go there
And it'll just start again
