I can get a record player, and a generator. Generate
the music that makes you feel better.

I dont live in poverty, I got a little bit of money and I've
got a healthy body.
I'm not going to let stuff get me upset, and I wont let all
the little things get me depressed.
When I was a young boy I got a stereo and taped all the
songs straight off the radio.
The sounds that the bands made, and the melodies is
all I need to make me feel free.
Sometimes you get so low, you don't know why, or a
little unsettled inside.
May i remind you? That you don't live in poverty, you
got your youth, and you got food in your belly.

I can get a record player, and a generator. Generate
