Hello, I found a stitch to wear and came out tonight  
But everybody looks at me like some kind of tramp  
Cause I, I wear these holey jeans well heaven forbid  
And send an angel cause I need somebody tonight,  
somebody tonight  
Come take my hand dont you let me go  
I need somebody tonight, somebody tonight

[Chorus]

Well I cant really dance but baby won't you dance with  
me  
And if you want to take a chance then baby take a  
chance on me  
Where we gonna go, where we gonna go, where we  
gonna go  
At the end of the night?  
I dont care, I dont mind  
As long as you keep holding me tight

Every night all the boys and girls are busy saying  
alright  
I know I know your face but ive forgotten your name,  
again!  
I blame the alcohol that swims round my brain  
I need a drink because I need some joy in my life  
I need joy in my life  
Come take my hand, don't you let me go  
I need some joy in my life, some joy in my life

Well I cant really dance but baby won't you dance with  
me  
And if you want to take a chance then baby take a  
chance on me  
Where we gonna go, where we gonna go, where we  
gonna go  
At the end of the night?  
I dont care, and I dont mind  
As long as you keep holding me tight

Ive got your number, I'll call you up some time  
And if you'd like to-o-o

Say that you'll be mine  
I would like to see you again sometime  
I would like to see you again sometime

Well I cant really dance but baby won't you dance with  
me  
And if you want to take a chance then baby take a  
chance on me, on me, on me, on me
