[TALK]

Hello?

Yo, look I need to talk to you

I need to talk to you because umm

Things just aren't working out

(Laugh) Yeah whatever

We still need to talk though

I'm better than that

Yo, feel me

It's always don't call, I'll call you

Secret rendezvous

You think you can fool me (Picture that)

Why I never met your friends

Never in public

And you wonder why you can't hit (No way)

[Chorus]

No more late night callin me

No more meetin up on the creep

Not cho secret property

I'm better than that

BABY

No more two way pagin me

3 in the am buggin me

That's the way it's gots to be

I'm better than that

BABY

[Jerzee]

Did you think that you could play me

And think I'd stay

No love I don't take that (I don't take that)

Now you know I'm not the one (Ah uh)

Don't respect me none (Nope)

This right here is done (It's done)

Done NO MORE!

[Chorus]

[Breakdown]

I deserve to be the one

I don't need to share your love

I don't deserve to be treated this way

Oh no NO MORE BABY!

Baby, baby, baby

This right here is done!

NO MORE BABY!

[Chorus]

No more late night callin me

Oh no, baby

No more meetin up on the creep

Oh no, baby

No more two way pagin me

Oh no, baby

3 in the am buggin me

I'm better than that

[Repeat to fade]

I'm better than that
