It's too late to walk along the street  
It's too late to occupy me  
I've been sitting here for too long  
When I thought I was right  
I was actually wrong  
Don't come to apologize  
It's not gonna work out  
Don't come to me because I'm  
Wasting your time, wasting your time

This was a mistake I'm not supposed to fall in love with  
you  
And don't tell me I'm wrong and try my sympathy  
We're not meant to be so don't bother me anymore  
I'm sorry

After I tell you not to come to me, you knock on my  
door  
I'm just as surprised as you, I feel like I wanna cry  
It's been too long since I have seen you  
It's too, it's too emotional

This was a mistake I'm not supposed to fall in love with  
you  
And don't tell me I'm wrong and try my sympathy  
We're not meant to be so don't bother me anymore  
I'm sorry

Don't ask me to sing this song anymore  
Because by the end, I'll be with him again

This was supposed to be, I'm falling in love with you  
And don't tell me I'm wrong cause you know I'm right  
We're together now and forever  
Please come to me now
