Another week in paradise
Temptation everywhere
Ignite the powers that be
But don't forget to turn around
And remember how

You and me Belong [4x]

Another week in paradise
Temptation fills the air
Ignites a power in me
I'm on the verge of a major break through
And if you want to stay
Hey keep your two feet on the ground
And remember how

You and me Belong [4x]

In the pains of ecstasy
I will always remember
In the pains of ecstasy
Lets go back to where we
Can always remember
I can always remember

[2x]

You and Me Belong
(You and me)
You and Me Belong

In the pains of ecstasy,
Lets go back to where we came
In the pains of ecstasy
Lets go back to where we
Can always remember
I can always remember
