Intro:

I reminisce on my mom  
bout the good times we had and the bad times

[Verse 1]

I remember mom she used to hold me in her arms  
the feelin was a charm  
aint no need to be alarmed  
hittin me up with the love we was poor  
I can recall livin on the run I cant imgaine all the pain  
that my mom felt  
tryin to raise 3 kids on a small wealth  
hard times wasnt nothin but a way of life  
my mom never knew she would have to sacrifice  
my old man hit the road neglected his spouse  
I had no choice now im the man of the house  
the possibilities grew at a fast rate  
now Im on the street tryin to get that cash straight  
tryin to stay up out of jail at the same time  
a young G claiming fame the game is mine  
my old girl had my back through all  
the stess and drama took a test of time  
in my mind I remember mama

Chorus: repeat 4x

ooh mama mama mama ooh mama mama mama  
I remember mama

[Verse 2]

I told my mama that forever my fools fake  
I can't recall my actions at school straight  
I'm skippin class thinkin its the thing to do  
no education watch what that brings to you  
my old man was a crack fiend wont lie  
need to change his ways I know he wont try  
everytime he came around it was mad drama  
I couldn't take it always hittin on my mama  
he had no idea he was breakin me down  
I was screamin out loud without makin a sound  
one day I just snapped to my suprise stood up to my  
dad looked him dead in

his eye  
I guess God gave me strength to deal with that  
told my old man he gotta chill with that  
no more beatin on my mom better watch that  
I'm a man so you better squash that

Chorus:

[Verse 3]

Mom I remember mom all the love I remember  
you have a place in my heart forever  
She was down for me everytime I fell  
mama had to come get me at the county jail  
look at me in the courtroom facin time  
hopin the judge reduce my crime  
mama never used to fuss but I knew she was hurt  
look at me on the street corner puttin in work  
I tried hide to hide the fact that I was slangin rocks  
mama used to find crack bags in my socks  
I would lie until the day they wasnt mine  
but you can rest asure and do time  
it all came to the light she knew the scoops  
I was out runnin with the wrong groups  
mama needed me so I had to change my style  
and on top of that im lookin at a brand new child  
I aint no time for havin cops chasin me  
realizing jail aint the place to be  
I remember

Chorus

This song is for anybody who's lost somebody  
Ya know what I'm sayin  
I lost my mom  
but she still lives with me in my heart  
to the day I leave to the day I die  
I will forever keep u in my mind and my heart  
cuz I remember  
I remember  
BLAC HAZE!!
