Never been so eager, not to this extent
Can't imagine leaving, I'm comfortably obsessed
It seems misleading, such a far outstretch
But I mean every word I've said

When you slow down all the details spill out
It's no accident how you fell right into my arms
It's no accident how you fell right into my arms

I have been preparing, preparing for this day
Don't plan on sleeping, just eagerly await
It seems misleading such a far outstretch
But I mean every word I've said

When you slow down all the details spill out
It's no accident how you fell right into my arms
It's no accident how you fell right into my arms

Leave with me, leave with me
Leave with me, leave with me
Leave with me now forever again
Leave with me, leave with me
Leave with me, leave with me
Leave with me now, forever again, again

Something tells me I am losing self-control
Something tells me I am losing self-control
But you're the only one who, one who needs to know

Oh, leave with me, leave with me
Leave with me, leave with me
Leave with me now forever again
Leave with me, leave with me
Leave with me, leave with me
Leave with me now forever again
