If, if you want
If you want to be the one that he's thinking of
You, you just need, you just need to understand
Ah, just turn around, just turn around

You are the only thing
The only thing that he has left
The only thing at all
The only thing at all

In later hours when the packed bars start spitting
cowards
They're picking scars cell phones clenched along,
along the sidewalk
They usually stay out of our way the bridge and tunnel
Just seems to escape near our home, near our home

If, if you want
If you want to be the one that he's thinking of
You, you just need, you just need to understand
Ah, just turn around, just turn around

'Cuz you are the only thing
The only thing that he has left
The only thing at all
The only thing at all

In later hours when the packed bars start spitting
cowards
They're picking scars cell phones clenched along,
along the sidewalk
They usually stay out of our way the bridge and tunnel
Just seems to escape near our home, near our home

You go out there is no one else around
Been waiting for countless hours
Oh, you never, you never measure up
'C-c-c-cuz, baby, it will all soon come to an end
'C-c-c-cuz, baby, it will all soon come to an end

In later hours when the packed bars start spitting
cowards

They're picking scars cell phones clenched along,
along the sidewalk
They usually stay out of our way the bridge and tunnel
Just seems to escape near our home, near our home

'Cuz you are the only thing
The only thing that he has left
The only thing at all
