To wasted seems pointless
So entrenched in this game
Drained and exhausted
I was one to blame
Pulling your weight used to be so easy,
Until my bones and muscles had started to shake

We plunged headfirst into this mistake
While your dreams pulled you from conscious state
And now you'd rather stay awake
Cause once you fall its hell to reawake

Searching through you for any
Signs of authenticity,
Testing your wit, measuring your ability
To juggle and then comprehend
This endless stream of sarcasm
I'll soon relieve you

We plunged head first into this mistake
While your dreams pulled you from conscious state
And now you'd rather stay awake
Cause once you fall

Searching through you for any
Signs of authenticity,
Testing your wit, measuring your ability
To juggle and then comprehend
This endless stream of sarcasm
I'll soon relieve you

And now you'd rather
You'd rather stay awake
You'd so much rather
You'd rather stay awake

No you don't have to let this go

For a time to think that you were out of control
But from now I think you are only (x2)

And now you'd rather
You'd rather stay awake
You'd so much rather
You'd rather stay awake

Searching through you for any
Signs of authenticity,
Testing your wit, measuring your ability
To juggle and then comprehend
This endless stream of sarcasm
I'll soon relieve you
