What's the problem, Officer? I ain't be did nothin  
You on my back sweatin me like I'm some kid frontin  
I'm tryin to do my thing, Ingle and Illtown sing  
Double I's the thing, if you know what I mean  
"What you do for a living, boy?," I mean I rock  
Not sellin coke on the block, I had to stop  
"What's your name?" - Fam  
Damn yo, put a mic in my hand  
This is as good as grand  
I make you understand how I am  
What I stand for and what it's worth  
You see my life flash in front of yo face and think it's  
cursed

I'm the soldier rarely seen from the block of 118  
I'm a fanatic, can't help bein a hip-hop fiend  
Embedded in my enzymes before I tipped my nine  
At birth the world knew I was one of a kind  
It's all about the music, that's all I know  
That's all I heard growin up in E.O.  
But yo, let's not dabble in the past  
A look at what the future got in store, so I gotta watch  
my ass  
Can my music be the saviour of my grace?  
Cause you see reality written on my face  
Just a taste of my flavor make you savor for more  
Go from city to city, I check you out on the tour

Is you with me? Oh yeah!  
We holdin fort, we ain't goin nowhere (2x)

I gots many, many, huh, concepts, that's much  
In clutch grab my nuts, I'm nuts like 'deez nuts'  
I got the touch, huh, I take my time when I do mine  
It's done when I do mine, for fun when I do mine  
It's mine, mine, all mine  
The rhyme and the rhythm, I get it from the mind

And put it in the body and soul and then I roll  
Steppin on my stroll, I got total control

Hold up, boy, you're ready? Here it comes  
Feel the bass from the drums as I expand lyrics from  
my lungs  
I run lyrics so rapid to catch it you need a z  
It's me from '19NaughtyIII', the Diesel MC

I said, 'Helloooo, everybooooooyyy'  
I said, 'Helloooo, I'm from Ill-t-t-town-t-t-town-t-t-town'  
I push the pedal to the metal and just gas on up  
Keep a limp in my strut when I walk talkin much  
Tell you what, huh, tell me what's really goin on?  
Everything's the same, everywhere I go, come on  
Go on, so forth and so on, I throw on  
A brand new style while I freestyle, me and Lovechild  
Reakin, what is it I'm seakin?  
I'm always a little tipsy, rip, see, is how I gets busy

Influencing your choice of your listening pleasure  
Lyrics are more than a treasure, on wax to remain  
forever  
Clever in my ways, I amaze audiences from the stage  
Build up anger, releasin physical rage  
Once the spotlight shines it captivated your mind  
Eye contacts sendin chills up opponents' spines  
This is my place of business, where I'm most relaxed  
So many crews stepped up and them fools collapsed
