(Hook)

Yeah it's just another cold day sittin' in the shack,
make another beat and make another track then,
heat up the knives, kick back, spit out the rhymes and
that's that.

Yeah it's just another cold day runnin' like a rat,
warm up the dome and write another rap then,
burn up the pie, kick back, turn off the mind and that's
that.

I heard a bell from the cell grab my phone check the
messages,
it said "hey bro it's Haz I just left a mes, I got a go pick
up some
shit from the _____ but I'll be over soon once I've snuck
off
to get some piss"
I said "sweet bro" jumped out the duvet,
threw the same hoodie on that I was wearing Tuesday,
then I text Lui like "hey Silk, you busy bro?",
"yeah I'll be free at 10 once I'm finished at the physio"
"Sweet then could you pick up Lance from the crop
shop?"
"Yeah I know the one across the road from the parking
lot"
Walked in to saw Lance jammin' on the scissors,
heard the clippers this time around zizz zizz a zizz zizz
"Sup bro the Haz" then Haz said
"Eeey what up bro" then Lance said
"I'm done bro let's jap bro that's us! I just got paid and
I'm down for a doz plus I got the goodie bag of the
buds"

(Hook)

I text Haz like "bro where you at bruv"
"Hey the bus is running late bro, baddest buzz!"
"Sweet as bud I'll see you in the shack cuz"
"Yeah I'll be there about 12 then that's us"
And then 12 came round and before long,
we were yellin' out loud like morons (morons),

"man I'm horsed as bro put the swords on",
"Nah man the gas in the bottle bro it's all gone"
"Sweet then roll us up a bit of cardboard Tom
and yo Haz put that beat with the horns on!"
And then we got blazed 'cause Lance had the pure

so give him a text if you need somewhere to score
from.

Anyway, then we jumped back to the cypher (cypher),
we all chipped in with the fiver (fiver),
and then we got a little bit higher!
Hey yo Haz, can you pass the lighter?

(Hook)

"Hey Haz"
"Yeah what?"
"Bro I'm blazed as!"
"Same bro, fuck I'm mashed off my ass.
Wait there's someone knocking at the window!"
"Nah that's just the wind bro"
"Oh yeah shit let him in bro!"
"Na na stop bro, what if it's the cops dude,
better hide the buckie and the knives for the spots bro"
"Hey who's that?"
"It's just Lui man you're lost bro"
"What bro? You never told me Lui was a cop bro?"
"Let's get out of the box bro!"
"How much you got bro?"
"Ah I've got nothing but I'll try my EFTPOS though"
"Hey bros I gotta get back to my house,
I got work tomorrow so bro I better bounce!"
"
hey Lance is it sweet if I crash on your couch?"
"Hard Lui C bro we're gonna gap if we're out"
"Yeah sweet I'll just rap by myself!"
