Goodbye Mr A-A-A

There's a hole in your logic
You know all the answers woah oh oh oh
You claim scence aint magic
And expect me to bu-u-u-u-uy it

And Goodbye Mr A
You promised you would love us
But you knew too much
Goodbye Mr A
You had all the answers
But no human touch
If life is subtraction
Your number is up
Your love is a fraction
It's not adding up

So busy showing me where i'm wrong
You forgot to switch your feelings on
Oh-Oh-Oh
So so superior, are you? Not!
You love a little bit but you forgot

Goodbye Mr A
You promised you would love us
But you knew too much
Goodbye Mr A
You had all the answers
But no human touch
If life is subtraction
Your number is up
Your love is a fraction
It's not any more

(Goodbye Mr A)
(Goodbye Mr A)

Goodbye Mr A
The world was full of wonder
Till you opened my eyes
Goodbye Mr A

(Goodbye Mr A)
Wish you hadn't blown my mind
And killed the surprise
Goodbye Mr A
You promised you would love us
But you knew too much
Goodbye Mr A
You had all the answers
But no human touch
If life is subtraction
Your number is up
Your love is a fraction
It's not any more
