It's the little old lady from Transylvania

I'm the little old lady from Transylvania  
Go Natasha go Natasha go Natasha go  
I'm known from London to Pennsylvania  
Go Natasha go Natasha go Natasha go

I drive dirt tracks through the mud  
I guess you might say racing's in my blood  
It's the little old lady from Transylvania

I can shut down Bela and Boris too  
Go Natasha go Natasha go Natasha go  
My fuel injection is witches' brew  
Go Natasha go Natasha go Natasha go

My car's painted bright poison apple red  
With pipes loud enough to wake up the dead  
It's the little old lady from Transylvania

Oh my I drive real fast and i'm really hip  
I'm the sweetheart of the vampire crypt  
When the moon is full i go kinda hairy  
Making trial runs through the cemetery

I'm the little old lady from Transylvania  
Go Natasha go Natasha go Natasha go  
I'm known from London to Pennsylvania  
Go Natasha go Natasha go Natasha go

I drive dirt tracks through the mud  
I guess you might say racing's in my blood  
It's the little old lady from Transylvania
