Nikodemus, here's the truth
I've put a spell and thats on you
you make my whole world true
I've done mine, now its up to you

Compared to me you are a voyager
show me your strength,
show me your fist
There's an awful crowd of humans out there
nothing I have ever missed
Get it on;

They've got us a nice room,
here put it on,
they've got us a fresh room here

{How sweet,
you bought a t-shirt with a monkey on it for me}
x2

Meija, Meija
one day came down from the sky above
to find me left alone in the bushes
behind your home - what a coincidence!

Do it now,
my lips are sealed
eyes are searching, bodies stiff
Please try me,
I've got yours revealed
.. why if, just if

{I met a man, he lives in the sand
I fell in love,
I live in a hole,
I took a trip
I started to hit - cherish them old -
they made us a goal}

Nikodemus, here's the truth
I've put a spell and thats on you

I dig you,
now your dance is art
You're a rocker, break my heart!
