Never been so eager
Not to this extent
Can't imagine leaving
I'm comfortably obsessed
It seems misleading
Such a far stretch
But I mean every word I've said.

When you slow down all the details spill out.
It's no accident how you fell right into my arms.
It's no accident how you fell right into my arms.

I have been preparing,
Preparing for this day
Don't plan on sleeping
Just eagerly await.
It seems misleading
Such a far stretch
But I mean every word I've said.

When you slow down all the details spill out.
It's no accident how you fell right into my arms.
It's no accident how you fell right into my arms.

Leave with me, leave with me,
Leave with me, leave with me,
Leave with me now forever again.
Leave with me, leave with me,
Leave with me, leave with me,
Leave with me now forever again, again.

Something tells me I am losing self control
Something tells me I am losing self control
But your the only one, one who needs to know

Leave with me, leave with me,
Leave with me, leave with me,
Leave with me now forever again.
Leave with me, leave with me,
Leave with me, leave with me,
Leave with me now forever again.
