Pulled from seclusion,  
Dragged out of our room,  
This construction is perfectly obstructing the view,  
Paired up and placed back on to our path,  
Compressed in this space that frames this awkward  
act,  
A chance to make it last has come and gone.

Glass shatters with an unsteady grip,  
No chance to catch the blood as it comes rushing in,  
Too quickly pumping out from the inside,  
Dripping into patterns strewn across my thigh.

Each drop spreads and spells out a passage,  
Soon I'll reclaim this dull history,  
The seamstress weaves shut the stitches,  
But re-opens that same memory.

Two years have passed and nothings changed, that's  
alright,  
Still you just wait for that embrace, it's alright,  
There is only one thing that has yet to be said, I am  
holding back,  
There is only one thing that has yet to be said,  
And it's alright,  
But it's alright.

Doesn't matter, there's no need to persist,  
While avoiding all but that kiss,  
Scraping my cheeks with your passionless lips,  
From your side of things it's not quite over with.

I don't think that you warrant anything else but the  
truth,  
Sorry, this time I've out done it,  
But I know that, I know that you'll lose.

Two years have passed and nothings changed, that's  
alright,  
Still you just wait for that embrace, it's alright,  
There is only one thing that has yet to be said, I am

holding back,  
There is only one thing that has yet to be said, I am  
holding back.

I don't think that she noticed that there was anything  
wrong at all,  
I don't think that you noticed that there is anything  
wrong,  
But finally, I'm free to leave,  
I don't ever really wanna pull and push again unless  
you're gonna fall,  
Two years have passed and nothings changed, that's  
alright,  
Still you just wait for that embrace, it's alright,  
There is only one thing that has yet to be said, I am  
holding back,  
There is only one thing that has yet to be said, I am  
holding back.

(There is only one thing that has yet to be said x3)

There is only one thing that has yet to be said, I am  
holding back.  
There is only one thing that has yet to be said, and it's  
alright,  
And it's alright,  
And it's alright.
