(Rodney O)

The bass that's in your face, sho' nuff shrugs your face  
Just like you got sprayed by a can of mace  
You see your speaker is movin, everybody is groovin  
My song moves along as it starts improvin  
The highs will get no higher, the bass will go no lower  
Cuz everlasting bass, sho' nuff moves a flower  
Some people can't take it, they try to plead the case  
But you can't get enough of everlasting bass

Joe's as fast as Carl Lewis  
He's black, not Jewish  
And when he's on stage, he can (scratching) do it  
And I'm good to go, yes Rodney O  
Leader of the show, make the ladies say "Oh!"  
King of my castle, causin much pain  
You dumb shrimp wimps, it's you I tame  
So to the R, to the O, to the D-N-E-Y  
Now what's that spell? Rodney, that's right

Me and Joe are on the go, movin fast, not slow  
Sportin Filas and Adidas and some are Kangols  
We ride on 747's, not DC-10's  
We'll take a 3-day vacation and we'll do it again  
Check in the hotel the day of the show  
No time to play around because we got to go  
You see we're on a flight, to rock the mic  
In Miami, Florida where they film the Vice
