Once again you've gone away
and you're bound to save.
I found the day you got away
I joined the race.

I've mixed my pain with a bit of shame
and it's all the same.
I've had my drinks, I've found the will
and a cigarette.

I got to know if you just want to see me now
or never again.

Stuck around the see the change
but it's still the same.
Yelled and screamed, said go the hell
that's how you got the name.

I find I know more searching for you
I gotta see everything that you do

I got to know if you just want to see me now
or never again will I find out what is going on
You're an Icon

but now you're nothing but gone

Superstar,
that's what you are
but you ain't got nothing on me

Superstar,
that's what you are
but you're gonna give it back to me

Found out the day I was going to leave you
found out you knew when I'd be gone
you never know just what I'm talking about
you never see me when I'm on my way out

I got to know if you just want to see me now
or never again will I find out what is going on

You're an Icon

but now you're nothing but gone

Superstar,
that's what you are
but you ain't got nothing on me

Superstar,
that's what you are
but you're gonna give it back to me
