"And Then The Rain"

Take this salesman for example
A selfless act of bravery
Now he's rewarded with free favors
Luck smiled at him and he smiled back
And then the rain
And then the rain
And then the rain
Beats down on me
Take this proud father for example
His son means the whole world to him
Take this junkie for example
Spoiled rotten since his childhood
And then the rain
And then the rain
And then the rain
And then the rain
And then the rain
And then the rain
And then the rain
And then the rain
And then the rain
Beats down on me
