Glorious,
Make me feel glorious once more..

Take your sharp sharp scissor hands,
and cut me some slack and I'll spin you in wool.
Pull it over your eyes, cause' I'm charmin'
Take a long long look at me (Long long look at me)
and give me a light cause the flame has expired,
Tired of my many floors, and went up in smoke

I can make you feel better
I can make you feel much much better than...
I can make you feel better than this, this, this, this...

Glorious!, make me feel glorious once more
and I won't let you go
Glorious!, make me feel glorious once more..
time will only tell...

Take that sharp sharp tongue of yours (Sharp sharp
tongue of yours)
and cut me in two
I'll attack from both sides
right under your skin
because I need you..

I can make you feel better
I can make you feel much much better than..
I can make you feel better than this, this, this, this...

Glorious!, make me feel glorious once more..
and I won't let you go
Glorious!, Make me feel glorious once more
and time will only tell..

-instrumental-

Don't make me cry it's bad enough
I made it ____ for all of us
Was it like me, Glorious!

-instrumental with Irwin whispering song lyrics-

Glorious!, make me feel glorious once more!
and I won't let you go
Glorious!, can I please be glorious like you?
Time will only tell
Glorious!, can I please be glorious like you?
Time will only tell
Time will only tell.....oohhhhh.....

Glorious, make me feel glorious once more...
