There's a hole in your logic  
You who know all the answers... uh-oh, uh-oh  
You claim science aint magic  
And expect me to buy it

And Goodbye Mr A  
You promised you would love us but you knew too  
much  
Goodbye Mr A  
You had all the answers but no human touch

If life is subtraction  
Your number is up  
Your love is a fraction  
It's not adding up... uh-oh, uh-oh!

(Uh-oh-wer-oh-woah)  
(Uh-oh-wer-oh-woah)  
(Uh-oh-wer-oh-wer-oh-wer-oh)

So busy showing me where i'm wrong  
You forgot to switch your feelings on... uh-oh, uh-oh!  
So so superior, are you not?  
You'd love a little bit but you forgot

Goodbye Mr A  
You promised you would love us but you knew too  
much  
Goodbye Mr A  
You had all the answers but no human touch

If life is subtraction  
Your number is up  
Your love is a fraction  
It's not adding up... uh-oh, uh-oh!

(Uh-oh-wer-oh-woah)  
(Uh-oh-wer-oh-woah)  
(Uh-oh-wer-oh-wer-oh-wer-oh)

(Goodbye Mr A)

(Goodbye Mr A)

Goodbye Mr A

The world was full of wonder till you opened my eyes

Goodbye Mr A

Wish you hadn't blown my mind and killed the surprise

Goodbye Mr A

You promised you would love us but you knew too  
much

Goodbye Mr A

You had all the answers but no human touch

If life is subtraction

Your number is up

Your love is a fraction

It's not adding up

(Uh-oh-wer-oh-woah)
