Sitting on that bench waiting 'cause I'm tense
Going down feeling like my life is almost over
I don't know what to say
Haven't made my way
But I'm not gonna be a lost soldier

Where have I been I ain't got no friends
I don't know where life is gonna be and
Everybody sees what's wrong with me
But I can make it no matter what the problems may be

I don't wanna be a lost picasso doing my thing (x3)
I don't wanna be a lost picasso

I don't wanna be a lost picasso
I don't wanna be a lost picasso doing my thing (x2)
I don't wanna be a lost picasso

Sitting on that bench waiting 'cause I'm tense
Going down feeling like my life is almost over
Everybody sees what they want from me
Do I really have to live my life sober?

I don't wanna be a lost picasso doing my thing
I'm not gonna be a lost picasso doing my thing
