I took a walk, it's hot today  
It's even hotter when I see your face  
I want your love, I want you near  
I can't move on, 'cause you're in my head

I'm waiting for, the wind to change  
The luck that I always have

I know that we can have a perfect love  
I'll give you what it takes  
'Cause you're the one to hold me  
I know that we can have a perfect love  
Just give me one more chance  
We will have a perfect love  
We will have a perfect

The morning comes, I watch your cheek  
It's funny how you look when you're asleep  
You can't deny, the happiness  
The God himself must be on our side

I'm waiting for, the wind to change  
The luck that I always have

I know that we can have a perfect love  
I'll give you what it takes  
'Cause you're the one to hold me  
I know that we can have a perfect love  
Just give me one more chance  
We will have a perfect love  
We will have a perfect love

You catch me when I'm falling  
You'll always be my love  
You stay with me forever  
'Cause we have a perfect, the perfect love

I know that we can have a perfect love  
I'll give you what it takes  
'Cause you're the one to hold me  
I know that we can have a perfect love

Just give me one more chance  
We will have a perfect love  
We will have a perfect love
