Verse 1:

You see the light in my eyes but it all goes away
Black as sun dripping down and it fills up my days
You don't know this part of me
You can't see these scars on me
I see the world as a child, see it purple and grey
Running reckless and wild like a horse with no reins
Am I still sleeping?
Yeah, I must be dreaming

Chorus:

Got a knife in my back and a bad, bad headache
Got my heart broke again still the same damn thing
Well I know it ain't easy it's harder to say
Gonna walk on the sunny side of the street if that's all I
do today

Verse 2:

You're so damn civilized you just flip through the pages
Of my problems like I'm some Psychology case
You don't know this part of me
Oh you can't see these scars on me
I see a squiggly line running round the ceiling
Try to catch him he's mine til my eyes start to sting
Am I still sleeping?
Oh I must be dreaming

Chorus:

Got a knife in my back and a bad, bad headache
Got my heart broke again still the same damn thing
Well I know it ain't easy it's harder to say
Gonna walk on the sunny side of the street if that's all I
do today

Bridge:

It's warm like winter in my mind
Shadows speak to me so nice
So leave me here I'll be alright
Why don't you leave me here alone tonight

You see the light in my eyes but it all goes away
Black as sun dripping down and it fills up my days

You don't know this part of me
You can't see these scars on me

Chorus: x2

Got a knife in my back and a bad, bad headache
Got my heart broke again still the same damn thing
Well I know it ain't easy it's harder to say
Gonna walk on the sunny side of the street

Got a knife in my back and a bad, bad headache
Got my heart broke again still the same damn thing
Well I know it ain't easy it's harder to say
Gonna walk on the sunny side of the street if that's all I
do today
