Last night  
Woke up in a dream  
Red and white  
Couldn't stop screaming  
Shadows  
Comin' in close to me  
Yeah  
But the  
Sun's out  
Stinging in my eyes  
Windows  
Open up red sky  
Breathe in  
Smells like summer  
Yeah  
And the stars are out  
Baby it's a bad idea I know  
But the stars are loud  
If somebody told me there'd be nobody else but  
You and I  
The night's gettin' darker with you  
You and I  
My heart's gettin' louder with you  
You and I  
My mind's gettin' dirty with you  
You, you and I  
And last week  
You were with some chick  
The same bed, barely sleepin'  
You didn't know  
That soon you'd be next to me  
Yeah  
In the  
Purple sky  
Head on my chest  
Moonlight  
Light up my vintage dress  
Tangled up  
In your back seat  
Yeah  
And the stars are out  
Baby it's a bad idea I know

But the stars are loud  
If somebody told me thereâ€™d be nobody else but  
You and I  
The nightâ€™s gettinâ€™ darker with you  
You and I  
My heartâ€™s gettinâ€™ louder with you  
You and I  
My mindâ€™s gettinâ€™ dirty with you  
You, you and I  
You and I, I I I I  
You and I, I I I I  
You and I, I I I I  
You and I, I I I I  
And the stars are out  
Baby itâ€™s a bad idea I know  
But the stars are loud  
If somebody told me thereâ€™d be nobody else but  
You and I  
The nightâ€™s gettinâ€™ darker with you  
You and I  
My heartâ€™s gettinâ€™ louder with you  
You and I  
My mindâ€™s gettinâ€™ dirty with you  
You, you and I  
You and I, I I I I  
You and I, I I I I
