Where did that girl come from  
Must have been straight out of heaven  
And into my life

She makes me feel complete  
And she treats me oh so sweet  
And now I'm feelin' alright

There's not another like her  
In the whole wide world  
She's just the coolest  
Little punk rock girl

Alison's the bomb  
Alison's the bomb  
Alison's the bomb  
And you know she's just so rad

Alison's the bomb  
Alison's the bomb  
Alison's the bomb  
And you know she's just so rad

She took my breath away  
When I met her that summer day  
Playin' at the rock and roll show

She's always on my mind  
And if she was mine  
You know I'd never let her go

There's not another like her  
In the whole wide world  
She's just the coolest  
Little punk rock girl

Alison's the bomb  
Alison's the bomb  
Alison's the bomb  
And you know she's just so rad

Alison's the bomb

Alison's the bomb  
Alison's the bomb  
And you know she's just so rad, yeah
