You're callin' to say hello now
It's been 14 days and I don't know how
To deal with you not bein' here
It breaks my heart

You sound like
You're havin' fun and
I wish that you'd miss me
More than you do

I'm sick of talkin' to myself
I want you and no one else
But you're too far away to hear

What I got to say
What I got to say
And I just can't wait

I'm dreamin' about Hawaii
The surf and the sand, you hangin' with me
But you're gone before too long
And I feel blue

You won't be here to see any changes
To hold on to me
To hold back my tears

I'm sick of talkin' to myself
I want you and no one else
But you're too far away to hear

What I got to say
What I got to say
And I just can't wait

And it's just not fair
That I can't be there
Seems like you don't care
Yeah, yeah

What I got to say
What I got to say

What I got to say
And I just can't wait

What I got to say
What I got to say
What I got to say
And I just can't wait
