all the girls and guys will be there
hangin' out in the sun
school s out and the time is right
for havin' lots of fun
leave the van parked in the driveway
and mom will have a cow
then we can head down to the surf
even though we don't know how

let's go to the beach
let's go to the beach
let's go to the beach
come on let's go right now

beach boys on the radio
to start things off right
cruise around in this car of mine
till day gives way to night
we'll come homw with our skin burnt up
and our chucks all full of sand
and mom's screamin' at the top of her lungs
cliff you better move that van
