this song sounds just like the last one
and the next one and the one after that one
it's another silly silly silly song
and my guess is that it's gonna be a sing-a-long

just repeat the same words a bunch of times
say oh oh if you can't think of any other lines (?)
so don't beat me up i'm a space cadet (?)
rocket scientist ghoulie ghoul head (?)

will you be my judy jetson
will you be my space girl oh yeah

i'm cotton she's polyester (?)
i'm hunnigan she's calitago (?)
i'm fun man she's jawbreaker (?)
i couldn't think of any other metaphors to sound it
better

i'm shallow she's all leather (?)
i'm new york she's las vegas
(?)
(?)
