I don't know where you are tonight
Something tells me that you're not doing alright
I don't need to hear you say
That you love me everyday
As long as you're right by my side

I promise I won't stay up late
I won't get sick, I won't get worried, I won't wait
For you to come back in my life
Or stop my own to make it right
I won't tell myself that lie

But when you come knocking at my door
Looking for some slack
Don't worry baby wherever you are
'Cause I'll say, welcome back
Ooh, ooh, ooh, welcome back

You never call while you're away
Just wanna hear your voice say everything's okay
You've got a habit when we shout
To stick your foot inside your mouth
And you know this is killing me

But when you come knocking at my door
Looking for some slack
Don't worry baby wherever you are
'Cause I'll say, welcome back
Ooh, ooh, ooh welcome back

But when you come knocking at my door
Looking for some slack
Don't worry baby wherever you are
'Cause I'll say, welcome back
Ooh, ooh, ooh welcome back

Ooh, ooh, ooh welcome back
Ooh, ooh, ooh welcome back
You're always welcome back
