It's so lonely coming down
It's a long long wait around
It's a hollow hollow day
It's a long long long long way, way down

Fair and feather-white
Lying in false paradise
I found you on your side
Weighed down

Don't go, cause you know I will follow
You know if I lose you I'll go mad
It's a low low low low low lonely coming down
It's a low low low low low lonely coming down

As the flames wash around me
I only think of you
I only want to save you
But I've done all I can do

To the end I would defend you
In heaven I'd suspend you
I only want to save you
I only want the truth

It's a low low low low low lonely coming down
It's a low low low low low lonely coming down

Don't ask, because you knew this could never last
You were always going too fast
You were always going too fast
It's a low low low low low lonely coming down
It's a low low low low low lonely coming down

To the death I will defend you
With my life I will protect you
I know I'm going to save you
I'll do all I can do

Alone I'll beat the flames down
I will defend your name

I'll descend through the fire
I will carry you home
I will carry you home
I will carry you home
I will carry you home
