Is it the way
Is it the way she looks at you
Seeing her face
As you walk through the crowded avenue
Sets you on fire
Remembering all you left behind
Don't fall back in line
Better you let her memory die

Draw strength
Walk on into the night
Better you try
To pass her bye
Walk on into the night

Is it too late
Are you forever in a state
A crippling sinus
Whenever you see her walking bye

Draw strength
Walk on into the night
Better you try
To pass her bye
Walk on into the night

Draw strength
Walk on into the night
Better you try
To pass her bye
Walk on into the night

How is her life
On the paradise
Walk on into the night
And in good time
You'll pass her bye
Walk on into the night

Walk on into the night
